PROFESSIONAL SUMMARY

Results-driven Frontend Developer with hands-on internship experience building production-grade React.js applications and responsive web interfaces. Proven ability to architect component-based systems, implement authentication flows, and deliver pixel-perfect UI across devices – seeking a software engineering role to contribute to large-scale, high-impact products at Google.

TECHNICAL SKILLS

Languages & Frameworks: JavaScript (ES6+), HTML5, CSS3, React.js, React Hooks (useState, useEffect, useContext)

UI & Styling: Responsive Web Design, CSS Flexbox, CSS Grid, Mobile-First Design, Cross-Browser Compatibility

Tools & Platforms: Git, GitHub, Visual Studio Code, Linux, npm, Vercel (CI/CD), REST APIs

Practices: Component-Based Architecture, Agile Development, Code Review, Debugging, Performance Optimization

PROFESSIONAL EXPERIENCE

Frontend Developer Intern

Evon Technologies

Feb 2024 – Present

Dehradun, India

- Developed and maintained responsive React.js web applications, improving component reusability and reducing code duplication across the codebase
- Implemented modern UI features and interactive components, contributing directly to enhanced user experience and customer satisfaction
- Collaborated in cross-functional teams using Git-based workflows; participated in code reviews and sprint planning to deliver features on schedule
- Diagnosed and resolved frontend bugs, leveraging browser developer tools and performance profiling to optimize load times and rendering efficiency

PROJECTS

Uttaranchal Tennis Association Web Portal | React.js, CSS3, User Auth

live demo

- Engineered a full-featured association website with secure user registration and login flows, handling form validation and state management end-to-end in React.js
- Built a modular, reusable component library ensuring UI consistency; deployed on Vercel with continuous delivery and full cross-device responsiveness

Summit Seekers – Adventure Travel Platform | React.js, React Hooks, CSS3

live demo

- Architected a multi-page SPA leveraging React Hooks (useState) for dynamic state management, implementing 8+ reusable components with mobile-first responsive layouts
- Applied modular CSS architecture for style isolation and maintainability, achieving seamless cross-browser rendering across all screen sizes and viewports

Personal Developer Portfolio | React.js, CSS3, Vercel

live demo

- Built an interactive portfolio showcasing projects, skills, and professional background with optimized asset delivery for fast page loads
- Deployed on Vercel with automatic CI/CD pipeline, ensuring zero-downtime updates and continuous availability

EDUCATION

Master of Computer Application (MCA)

Dev Bhoomi Uttarakhand University

2023 – 2025 (Expected)

Dehradun, Uttarakhand

Bachelor of Computer Application (BCA)

Dev Bhoomi Uttarakhand University

2020 – 2023

Dehradun, Uttarakhand

CERTIFICATIONS & ACHIEVEMENTS

- React.js Certification** – Great Learning Academy Jan 2024 – Feb 2024
- GitHub Certification** – Great Learning Academy Feb 2024
- Lakshagriha Hackathon – National Level** – Organized by Dev Bhoomi Uttarakhand University; competed among top university teams nationally Apr 2022
